

R-2050

FIRE EXTINGUISHER MOUNT INSTALLATION INSTRUCTIONS

Fits 991/981 Boxster, Cayman (Passenger side only)

This fire extinguisher bracket is designed to mount a 2.5 lb AMEREX fire extinguisher to the passenger, non ventilated Porsche factory seat. It will also mount the R-9520 or R-9530 Quick Release mount.

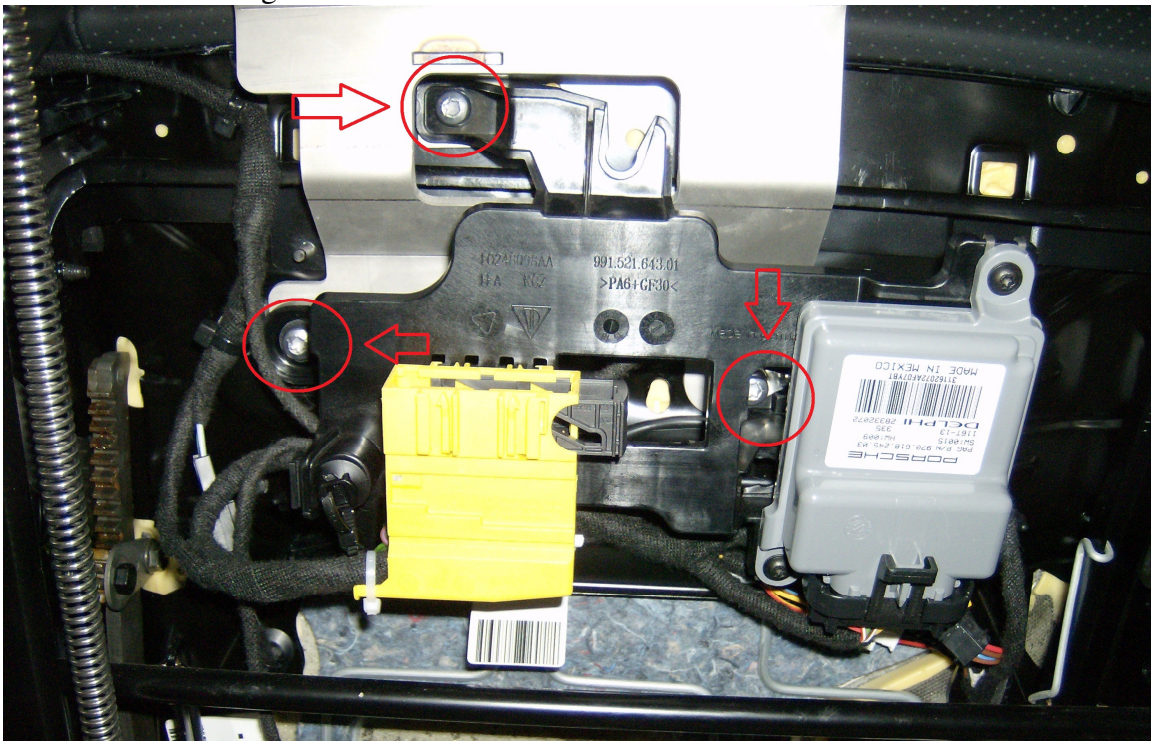

Step 1. Disconnect the battery.

Step 2. Remove seat from car.

Step 3. Lay seat on back to access bottom

Step 4. Remove the three mounting screws (T-27) from the bracket holding the plug.

Note the number of ground wires on the one screw.

Step 5. Seats with power sliders only:

A single wire tie down must be moved to create clearance for the R-2050, as pictured:

Step 6. Position the fire extinguisher mount under the bracket. Use the factory supplied bolts and washers. Be sure to reattach the ground wires.

Step 7. Reinstall the seat.

Step 8. Reconnect the battery. (See owners manual for initializing)

Performance driving events are by nature potentially hazardous to your health. Brey-Krause Mfg. Co. Inc. shall not be liable for injury, consequential, or other types of damages resulting from the use or misuse of our products. Proper installation of these parts is critical and should only be done by a professional shop.
